23. To see if the Town will vote to expend from capital reserve funds designated for "Soldiers Memorial," such sum as will be necessary to provide suitable grave markers for veterans' graves as may be without proper markers in the several cemeteries of the Town of Gilmanton; and also such sums as may be necessary to provide a suitable marker for installation at Smith Meeting House Cemetery to be inscribed with the names of veterans whose graves have become lost within the Town of Gilmanton; such expenditures not to exceed the \$718.46 now remaining in the said fund; and, after the aforesaid expenditures have been accomplished, to transfer the balance of said funds to the General Funds of the Town.

24. To see if the Town will vote to authorize the Selectmen to expend such part of the Loon Pond Capital Reserve Fund, now amounting to Three Thousand and Seventy Dollars and Fifty-Seven Cents (\$3,070.57), as may be required to purchase additional land at Loon Pond, if and when it becomes available, for use for parking and public facilities.

25. To see if the Town will wish to discontinue, at the annual Town Meeting in March, 1969, the election by ballot of two highway agents; and in place thereof, to authorize the selectmen to appoint a single highway agent, who shall have, under the direction of the selectmen, all of the duties prescribed by RSA 245:6. (This article has the approval of the Budget Committee.)

26. To see if the Town will vote to increase the membership of the Planning Board from five to seven members. RSA 36:4.

27. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove, in its discretion, plans showing streets or the widening thereof, or parks, and upon adoption of this article it shall be the duty of the Town Clerk to file with the Registry of Deeds of the County of Belknap, a certificate or note showing that said Planning Board has been so authorized, giving the date of authorization, as provided in RSA 36:19-29.

28. To see if the Town will vote to authorize the Selectmen to appoint a Building Inspector as authorized in RSA 156:1.

29. To see if the Town will vote to adopt the following Town Ordinances, as proposed by the Planning Board, for the purpose of regulating the duties of the Building Inspector:

1. Building Inspector

Appointment: The Building Inspector shall be appointed annually by the Board of Selectmen. In the event of the death, disability, resignation, or disqualification of the Building Inspector, the Selectmen shall appoint an Inspector to serve in his place. The Selectmen may, for cause and by majority vote, disqualify the Building Inspector at any time.

2. Duties of the Building Inspector: The Building Inspector shall:

- a. Receive applications and fees for the erection and/or alterations of buildings.
- b. Make available applications in duplicate.
- c. Keep complete records of his action on all applications along with the duplicates of said applications.
- d. Promptly inspect sites of proposed building or buildings to be altered.
- e. Issue or deny residential permits within five (5) days of receipt of application.
- f. Regularly inspect buildings during the process of erection or alterations. In the process of new construction the following four inspections shall be made as each of the indicated stages of the work has been completed.
 - (1) Footings and foundations.
 - (2) Rough framing, plumbing, electrical wiring, and chimney erection.

(3) Sewerage system or waste disposal.

(4) Final inspection.

g. Report violations of this ordinance immediately to the Board of Selectmen.

h. Take such action in the enforcement of this Ordinance as may be directed by the Selectmen.

i. Deposit with the Town Treasurer all fees collected by him under this Ordinance.

j. Act in cooperation with fire authorities in any matter in which their duties as prescribed by law may coincide or conflict.

3. Duties of the Applicant

a. Any person, persons, partnership, or corporation intending to construct a new building or to make exterior structural alterations, said alterations to exceed five hundred dollars (\$500.00) in value, shall first make application for a permit on forms obtained from the Building Inspector.

(1) Said application shall be accompanied by a sketch or plan of the proposed building or alterations.

(2) Said application shall be accompanied by a signed statement of the intended use of the building upon completion of construction or alteration.

b. The applicant shall display prominently at the site of the construction or alteration a card issued by the Building Inspector evidencing his permit.

c. The applicant shall make the premises accessible to the Building Inspector at reasonable times for the performance of his duties.

4. Application Fees: A fee of 50c per \$1000 valuation up to \$10,000. \$1.00 per \$1000 valuation thereafter, (minimum fee \$1.00) shall accompany each application for a permit.

5. Compensation of Building Inspector

The selectmen shall remit, as compensation to the Build-

ing Inspector, in quarterly installments, the total amount of the fees collected by the Building Inspector during the the preceding quarter.

Given under our hands and seal, this 23rd day of February, in the year of our Lord nineteen hundred and sixty-eight.

Joseph L. Clairmont,
David M. Bickford,
Melvin C. Bunker,
Selectmen of Gilmanton.

1. The following items of new equipment and major repairs have been procured during the year 1967 to further enhance the efficiency of this department:

- a. Stop signal has been placed in center of Route 140 just west of the fire station to serve as a warning to east bound vehicles when fire engine is leaving station.
- b. Two new tires for rear of Tanker No. 2.
- c. Complete brake repairs to Chevrolet (1948) Pick-up.
- d. AM Radio, Johnson 202 forestry frequency installed on Chevrolet (1948) pick-up.
- e. New Hose: 50' $\frac{3}{4}$ " booster.

- f. RE: Base Station Radio equipment. The radio base station, two remote control units and three Plectron receivers purchased by the Town for this department per Article 8, Town Warrant for Town Meeting March 14, 1967, has been augmented by procurement of the following additional equipment.

- (1) 10 Plectron units installed in the homes of additional members.
- (2) 1 Plectron unit, encoder and remote switching equipment installed on siren on roof of Town Hall. This equipment provides for blowing of siren simultaneously with the sounding of alarms on the other Plectron units.

As currently established our radio system provides for the receiving of fire alarms at fifteen separate locations. This usefulness of this system was proven on the occasion of the Mutual Aid alarm received for the Camp Ground fires at Alton Bay at 3:05 A.M. November 30th and at 6:40 P.M. December 1st. Eleven men responded to the first of these alarms and twelve men responded to the second.

2. The members of this Department wish to take this opportunity to express appreciations to our towns-people, and all others, for their loyal support of our Labor Day Carnival and associated solicitation campaign. We are most grateful for the steady increase in the success of these programs. All income from these sources are deposited to the credit of our SPECIAL ACCOUNT from which sufficient funds in the amount of \$1,287.10 have been transferred to our PRIMARY ACCOUNT (Town Appropriation) to defray costs of new equipment and services over and above funds made available by Town appropriation which was \$2,000 for 1967.

Respectfully submitted,

W. A. EMOND,
Secretary-Treasurer.

REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

After several successive years of drought, the rains of 1967 came as a welcome change. Our record of the past fire season is good. Our thanks to all who contributed to achieve this good record. Continued improvement in the matter of accurate, prompt detection and rapid effective suppression action can help to maintain this good, worthwhile record even though we do not have an abundance of rain as in the fire season of 1967.

It will help if we follow these simple suggestions:

1. No burning of debris and waste between the hours of 9:00 A.M. and 5:00 P.M. and then only with a written permit from the Forest Fire Warden.
2. Take debris and waste to the town dump.
3. Maintain a clean, safe dump.
4. Keep matches away from young children.
5. Be sure matches and smoking material are dead out when we discard them.
6. Set a good example for others in fire prevention.

FIRE WARDEN'S REPORT

Our forest fire record for 1967 was very good. One fire of less than one-quarter acre which was caused by lightning.

Number of permits issued—198.

Permits are required for all burning and incinerators.

Permits are issued by Warden Richard Price, Gilmanton Iron Works and Deputy Joseph Clairmont, Gilmanton Corner.

CIVIL DEFENSE

Your Civil Defense is pleased to report that progress is being made on our Rescue Vehicle. We have purchased a radio, the needed first aid equipment, blankets and small tools have been donated and with the cooperation of our fire departments, we hope to have a resuscitator and generator and hope to have this piece of equipment in service the early part of the summer.

We are very pleased to announce that a course in Medical Self-help and First Aid is being offered to the public sponsored by Civil Defense, the time and date to be announced through the news media. The course may have been started by the time you read this report. If anyone is interested please contact your Civil Defense Director.

I would like to thank all who have helped in anyway to make this an organization of benefit to all.

Respectfully submitted,

Alfred LaRoche
Civil Defense Director

PLANNING BOARD

The members of your Planning Board have been meeting twice monthly since their appointment last March. For several months we devoted our time and study to the general problems of the Town which were considered to fall within our jurisdiction. Our purpose in these original studies was to determine the most pressing problems which should be given further detailed study and to be acted upon first.

An appreciation of a few basic facts is necessary in order to understand why we must give more consideration to planning for the future than we have done in the past.

First: On a national basis we now have a population of two hundred million. Reliable statistics indicate that this population will be increased to three hundred million in less than thirty-two years, (the year 2000), meaning an increase of one hundred million persons. This calls for much contemplation, which would convert to "planning". Planning for; housing, water, sewage and waste disposal; schools, roads, and practically all elements of our environment.

Second: For New Hampshire this population increase is estimated to be 27% of present population of 685,000 to 870,000 by the year 1985 which is only seventeen years hence.

Third: It is estimated that between now and the year 2000 more homes will be constructed in the State of New Hampshire than are presently in existence.

Fourth: You can rest assured that Gilmanton will not stand still.

The objective of your Planning Board is to recognize the afore-indicated pressures and to look ahead to what could happen to our town during this period, and further, to take necessary steps NOW to assure that we grow in an orderly manner and not end with a hodge podge of a community, laden with costly problems compared with such surrounding towns as may have exercised that foresight of planning which is so essential.

With the above considerations in mind we we have placed one item on the Town ballot (Adoption of the National Building Code) and four articles on the Town warrant for consideration at this Town Meeting. All of these items have been thoroughly studied prior to presentation for consideration by our fellow townspeople. They have been presented for discussion at three public hearings. For the protection of all property vaues and toward an orderly growth we sincerely recommend adoption of these articles.

Additional studies will be made this coming year and our findings and recommendations will be presented for full discussion as these studies are developed.

LEGISLATIVE REPORT
DISTRICT #6
BARNSTEAD-GILMANTON

The 1967 Legislature dealt with a multitude and a broad spectrum of problems, concerning everything from the administration of justice to pollution control, and from taxation on condominiums to LSD. Upon examination the legislative record is a noteworthy one.

There were 1,183 bills referred to the General Court during the last session, but this report will be restricted to a few bills of general interest.

House Bill 777: An act enabling private persons to seek relief from unlawful maintenance of junk yards. This act amended the 1965 Motor Vehicle Junk Yard Law, RSA267-A, by allowing any person whose real property is directly affected by the site of a junk yard to start action to enforce the law. The person affected must write to the Selectmen requesting appropriate action with a copy mailed to the person complained of. If the Selectmen do not take action after thirty days then the affected person may request the County Attorney to take appropriate action.

The "right to know law" is the popular name of House Bill 28. Basically this act requires that all public proceedings are open to the public, and requires that all minutes of the meetings be recorded promptly and be open to public inspection. All final actions of bodies must be approved in public sessions. Executive sessions of bodies or agencies are permitted, but the decisions made during executive sessions must be recorded and made available promptly. Any person aggrieved by a violation of this law may petition the Superior Court for injunctive relief. Gone are the days of closed meetings.

Senate Bill 28 is the so-called "good samaritan" act and provides that: where in emergencies a person in good faith renders emergency care without receiving compensation, is not liable in civil damages for his acts.

An act requiring the registration of snow-traveling vehicles has been interpreted many different ways. Due to the differences of opinion, I requested that the legislative Council have a hearing and recommended amendments which were adopted.

In the Council we have drafted amendments which would not require registration on one's own land as well as many more detailed changes that I will report on later.

The right of way into Guinea Pond has been approved and now awaits state funds that will not be available until July 1, 1968.

A more detailed account of the new legislation, Legislative Council activities and the Labor Dept. Study Committee will be in future Legislative Reports.

It is the aim of these reports to help keep you informed about our state government and the laws that govern us. Letters of your interest and suggestions are appreciated.

Respectfully submitted,

George B. Roberts, Jr.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Members of the School Board, Parents and Voters:

Following is my second report to you as your superintendent of schools. The items that are reported in the following paragraphs are those which we feel should be brought to your attention.

MAINTENANCE:

While a few problems still exist to be ironed out, rapid strides have been made in improving the classroom situation for the upgrading of the operation and maintenance of the entire school. New furniture, books and visual aids have all added to make the school one of which Gilmanton may well be proud.

PERSONNEL:

Two new teachers were added this year, namely, Mrs. Sharon Nelson who teaches 3rd grade and Miss Diane Prescott, 5th grade teacher. There is now one teacher for each grade. The teaching is shared in the 7th and 8th grades making for a departmentalized situation.

ATHLETIC PROGRAM:

A fine athletic program for boys has been instituted with 7th grade teacher Roger Heath the instructor. The pupils are fortunate to have a teacher who is interested in this phase of their extra-curricular schooling.

LIBRARY:

Many new desks and chairs have replaced some of those that were badly worn which has helped to improve the appearance of the classrooms. Many new library books have been added. The volunteer help of Mrs. Anne McKinna in cataloguing is duly appreciated.

GAS GENERATOR:

The addition of a gas operated generator to the school is good insurance against a power failure during the winter months. Should there be a power failure, the generator will automatically take it over to the extent of keeping the burner in operation as well as a minimum number of lights.

ENROLLMENT:

The school enrollment remains quite constant—although there appears to be a slight increase at the primary level. The highest enrollment figure is 23 which is in grades one and seven.

TRANSPORTATION:

The renegotiation of a new transportation contract with Mr. Nelson and his purchase of an additional bus has vastly improved the transportation problem which previously existed. Pupils now have a shorter time to wait after arriving at school also in returning home in the afternoon.

SALARIES:

A salary scale of teachers was adopted last year. This scale has been improved for the next school year although still far below that of surrounding communities. Some teachers are still not on step. We hope this situation may be rectified another year.

CAFETERIA:

The school board encountered some problems in obtaining cafeteria workers to provide a hot lunch program. This problem has been resolved and the program is now operating very effectively.

LEACHING FIELD:

One of the problems which could not be anticipated was the ineffectiveness of the leaching field at the rear of the school. Mr. Bean, the contractor, was consulted and his advice will be taken in improving the situation. A sum of money has been included in the budget to rectify the condition which now exists.

I wish to express my appreciation for the cooperation of the three members of the Gilmanton School Board, namely, Mr. William Somero, Mrs. Sybil Bryant and Mr. Paul Laubi. I also wish to express my thanks for the fine work done by Principal David Johnson and his staff of teachers, the school nurse, Mr. George Nelson and his bus drivers. Special thanks should go to Mr. George Roberts, the custodian, for the fine condition in which he keeps the school. It is evident that he takes great pride in the cleanliness of the rooms and the care of the grounds.

It is my hope that when there is need teachers of the highest caliber may be hired for the training and education of the boys and girls of Gilmanton. To do this the continued financial support of the citizens of the community is needed. This is the key to a good education system.

Respectfully yours,

VICTOR H. BOWEN
Superintendent of Schools
